

# Homework 02: Personality Types

**Due Date: Friday, Feb. 9, 2018, 23:59**

**25 Points**

Go to both of the sites in the following list and take the personality type tests (“Myers-Briggs” is a legal trademark) available there.

[Humanmetrics](#)

[Similarminds](#)

You will turn in a write-up (about a page) describing the feedback that you got from the test sites. Be sure to include the scoring information that you were given by each of the sites, and the MB type classification that each site gave you. Read up about your classification(s), and comment on how accurate you consider it to be as a match for your own personality. Consider “nearby” classifications and comment on whether you think they are more or less appropriate descriptions for you.

Your write-up should be submitted in PDF format.

Your submission for this homework assignment must be made to [Canvas](#).

This is an individual homework.

Legibility counts. It is highly recommended to use a table to show the scores you got from tests.

All assignments must include the following pledge:

*“I have not received unauthorized aid on this assignment. I understand the answers that I have submitted. The answers submitted have not been directly copied from another source, but instead are written in my own words.”*
