RE: New manuscript

Dear Editor,

Please consider for publication in JGR-Atmospheres the manuscript

“Ozone Data Assimilation with GEOS-Chem: a Comparison Between 3D-Var, 4D-Var, and Suboptimal Kalman Filter Approaches”

by K. Singh, A. Sandu, K. W. Bowman, M. Parrington, D. B. A. Jones, and M. Lee.

An earlier version of this paper was submitted last year to Atmospheric Chemistry and Physics, where it was rejected. As part of their review process the draft has been posted on ACP-discussions.

Sincerely yours,

Adrian Sandu
Professor of Computer Science
