

Homework: Presentation

Due Date for declaring group members and the title: Monday, March 26, 2018, in class

Group Work

40 points

The goals of this assignment are for the members to:

- Exercise coordination and communication with other members,
- Practice brainstorming,
- Experience some common difficulties in team work, and
- Present some interesting ideas and subjects.

Each group selects a subject related to the problem solving course to work on it. You can look at the detailed titles for the course in the schedule page of the course website. The following are some examples ideas:

- Ted Talks or similar quality presentation
- Problem solving ideas (techniques – methods)
- Inductive reasoning
- Important point in a job interview (both technically and non-technically)
- What most successful entrepreneurs do (habit collections, advice, etc.)
- Summary of a related book to the course

Group of 4 people

Presentation time: 15 minutes

For the in class presentation (and submission) each group needs to has PowerPoint slides.

The presentation sessions are on Fri. 4/20, Mon. 4/23, Wed. 4/25. In each session three groups can present their work.

Each group also needs to submit a summary of other groups' presentations through [Canvas](#). More information will be provided on the due later.

Grading Criteria:

- How the subject is presented (slides, presenter(s) ability to deliver the idea),
- Time management and
- Team work

Groups can find their presentation time [here](#).
